

## FOAM FILTER OIL FOAM FILTER OIL SPRAY

Foam Filter Oil and Foam Filter Oil Spray are formulated for all street, off-road and racing foam air filter applications. Innovative Bel-Ray technology has produced a foam filter oil unlike any other. It is easy to apply and improves airflow. Ultra-viscous formula forms an oil barrier to trap micron-sized particles that can cause engine damage. Waterproof formula prevents clogging when wet.

Foam Filter Oil and Foam Filter Oil Spray are for all street, off-road and racing motorcycle foam air filter applications. Foam Filter Oil products are formulated using the most advanced technology to protect engines from contaminants. The products are packaged in two delivery systems allowing users to effortlessly apply the product to the filter.

### APPLICATIONS

- For all foam type air filter elements

### PRODUCT FEATURES

- Fast drying
- Ultra-viscous
- Waterproof

### BENEFITS

- A fast-drying tacky film is produced to ensure optimum performance of foam filter without the runny solvent; reduces maintenance time and makes performing maintenance easier
- The viscous tacky formula traps micron-sized particles that can cause engine damage
- The barrier film will not wash off, clog or gum up when filter gets wet.

### Application Instructions

Wear rubber gloves and eye protection.

Clean filter to remove all dirt and contamination using Foam Filter Cleaner & Degreaser. Allow filter to dry. Work Foam Filter Oil or Foam Filter Oil Spray into filter, coating all of the foam cells with oil. Squeeze excess foam air filter oil out of filter. Allow foam air filter to dry before using.

*Caution: Use in a well-ventilated space. Product is flammable and should be used with appropriate caution. Do not spray on a hot surface or in proximity to flames or open fire. Do not puncture or incinerate container, even when empty. Always wear safety glasses when using this product. Keep container away from heat.*
