

Blue Tac™ Chain Lube

PRODUCT DESCRIPTION

Bel-Ray® Blue Tac™ Chain Lubricant is the ultimate chain lubricant for all street, off-road and racing motorcycle, kart and ATV chain application including “O,” “X” and “Z” ring units. Does not affect seals on O-rings. Blue Tac Chain Lubricant is extremely tacky and designed to resist fling-off even in high-speed applications while providing outstanding chain and sprocket life. Blue Tac Chain Lubricant will not wash off even in the wettest conditions and it contains anti-rust agents to protect chains.

Blue Tac Chain Lubricant is a high performance, fully synthetic and extremely tacky chain lubricant for street and off-road motorcycle, kart and ATV applications. High speed dyno testing proves that Blue Tac Chain Lubricant does not fling-off at speeds approaching 100 miles per hour within fifteen minutes of application. The convenient aerosol containers spray the unique formulation on the chain to protect against rust and metal-to-metal contact.

Blue Tac Chain Lubricant is the state-of-the-art chain lubricant for motorcycle, kart and ATV chains. Blue Tac Chain Lubricant is only available in aerosol containers

PRODUCT FEATURES

- Superior anti-wear
- Excellent corrosion protection
- Superior penetration
- Tacky formulation resists fling-off

BENEFITS

- Special anti-wear additives provide exceptional protection against metal-to-metal contact for longer chain life.
- Full chain coverage is achieved easily to form a protective coating that is waterproof and will not wash out.
- Sprays on thin allowing penetration between side plates which are the wear points.

APPLICATIONS

- For all motorcycle and ATV drive chains used for road and off-road riding
- For long lasting protection against rust and corrosion
- For protection against shock loading and severe wear caused by metal-to-metal contact
